

SCC ASSESSMENT ATB RETEST APPROVAL FORM – Rev. 7-16-2013

Student Name: _____ Student ID# _____

Accuplacer ATB tests may only be repeated one time within a 3 month period with a counselor's referral. There must be a minimum of 2 weeks between the initial test and the retest.

ESL Students: Students must be enrolled in ESL classes in order to take the CELSA ATB test. Students may retest after a 30 day wait period with counselor referral.

Student must satisfy one of two general categories for retesting (subject to auditing):

- 1. **Performance influenced by factors other than ability** – some aspect of the previous testing session is believed to have caused the student to perform in a way that does not reflect his/her actual level of ability. (Example: documented extreme physical illness, interruption of testing due to technical difficulties) **Student explanation:**

- 2. **Significant change in student's ability** – the student must have engaged in a learning activity since the previous ATB test that is likely to have meaningfully improved the student's knowledge and skills. **Student explanation:**
