

Campus Issue 20-21-02: Staff Development Committee Meeting Time

Formstack Submission For: [Campus Issues Form](#)

Submitted at 09/23/20 3:58 PM

Committee or Individual:	Staff Development Committee/Tracey Gomez (tri-chair)
Email:	gomezt@scc.losrios.edu
Issue/Concern:	Staff Development Committee/meeting day and time
Describe the issue/concern::	The Staff Development Committee is a Standing Committee that meets one Friday per month. Our Classified Professionals on the team are flexing their schedule, and are not available on Fridays.
What do you recommend or suggest solving this issue/concern? :	We would like for these folks to be a part of the team, so we are requesting to change the day and time of the meeting, or if that is not possible, temporarily change the Standing Committee to an Advisory Council for this year, so we are able to adjust the day/time to include everyone.
How will this recommendation support the success of SCC students and benefit the campus community?:	The Staff Development Committee is an important component in planning Convocation and addressing other professional development needs on campus. Members of all constituency groups need to be present to ensure we are meeting and addressing the needs of the entire campus community.
