

**Campus Issue 20-21-03: Combining Campus Safety and Campus
Development Committees**

Committee or Individual:	Campus Safety Committee
Email:	hirkalc@scc.losrios.edu
Issue/Concern:	Combining Campus Safety and Campus Development Standing Committees
Describe the issue/concern::	<p>Members of both Campus Safety and Campus Development committees in 2019-2020 FY considered combining the two committees into one for greater efficiency of communication regarding campus-wide topics that often overlap, as well as simplifies recommendation/request needs from committees for campus community and other committees (e.g. Budget Committee). Committee members in both committees voted favorably for this change.</p> <p>An example of a combined committee from another campus is Building, Grounds, and Safety Committee at American River College.</p>
What do you recommend or suggest solving this issue/concern? :	Determine an agreed upon combined committee schedule (either the 2nd or 3rd Friday of every month other than summer session), keeping the committee meeting time of 11 a.m. to 12:00 p.m. and asking all committee members of both committees to agree on a new name and charter for the combined committee.
How will this recommendation support the success of SCC students and benefit the campus community?:	Combining committees with overlapping interests reduces the number of meetings interested campus members are required to attend, and gives a more well-rounded perspective of the scope and various needs to be addressed for institutional planning purposes and decision-making processes.
